BIOGRAPHIC SKETCH

REPUBLIC OF KOREA
General YUN Song-min
May 1981

(U) NAME: General Yoon Sung Min (M-R: Yun Song-min, 1438/6134/2404), SN: 16040, Republic of Korea Army (ROKA).

(U) POSITION: Chairman, Joint Chiefs of Staff, Ministry of National Defense, since 15 May 1981. He succeeded General Yu Pyong-hyon.

(U) 1980

(C/NOFORN) SIGNIFICANCE: General Yoon was selected for the chairman position because of his contribution to stabilizing the political situation over the last year, his intelligence, experience and excellent leadership. He is a native of Cholla Namdo Province and he may have been selected in part to demonstrate that Cholla Province natives can achieve the highest military positions. General Yoon is not considered to be a member of the core group but he received command of the First ROK Army after the 12 December 1979 events which indicated he was considered trustworthy by President Chon Tu-hwan during his rise to power. General Yoon has an excellent military reputation; he is temperate in his treatment of subordinate officers and commands their respect, qualities valued in his new position. In the ROK Army, the position of chairman is less influential and less powerful than that of the Army Chief of Staff.

(C/NOFORN) POLITICS: General Yoon is very nationalistic. Although he is considered to be a supporter of President Chon Tu-hwan, he is not a member of the inner circle. Yoon has worked with American personnel and is easy to work with. He attended the US Infantry School, Fort Benning, Georgia in 1957. He returned to the United States in 1962 for an orientation tour and visited Taiwan in 1964. He enjoys discussing international politics.

(U) PERSONAL DATA: Yoon was born in Cholla Province on 15 October 1926. He is 5'7" tall (1.70 m), weighs 142 lbs (65 kg), and wears glasses. He is of high moral character and is moderate in the use of alcoholic beverages. He likes reading and table tennis. He speaks excellent Japanese and good English. He has received several awards and decorations.
